

Proactive Implementation and Support Meetings (PrISM)

A Proactive Implementation and Support Meeting (PrISM) is led by the two DSPL7 SISOs, Faye den Heijer and Thelma Mugovera. This session is for schools who are considering making an EHCNA request and would like guidance on whether the request meets both parts of the legal test, and if there are further strategies that could be implemented first. Schools can book a 30 min slot and either attend in person or online. SENCOs should share the last 2 APDR cycles for the pupil as these will be used as the basis for the discussion.
